Fuel and Purchase Power Cost Recovery Clause with Generating Performance Incentive Factor Docket No. 150001-EI Dated: July 29, 2015

FLORIDA POWER & LIGHT COMPANY'S FOURTH REQUEST FOR EXTENSION OF CONFIDENTIAL CLASSIFICATION OF INFORMATION PROVIDED PURSUANT TO AUDIT NO. 06-046-4-1

Pursuant to Section 366.093, Florida Statutes ("Section 366.093"), and Rule 25-22.006, ("Rule 25-22.006") Florida Administrative Code, Florida Power & Light Company ("FPL") hereby submits its Fourth Request for Extension of Confidential Classification of Information Provided Pursuant to Audit No. 06-046-4-1 ("Confidential Information"). In support of this request, FPL states as follows:

- 1. On May 25, 2006 FPL filed a Request for Confidential Classification of the Confidential Information, which included Exhibits A, B, C, and D ("May 25, 2006 Request"). By Order No. PSC-07-0948-CFO-EI ("Order 0948"), dated November 28, 2007, the Commission granted FPL's request. FPL adopts and incorporates by reference the May 25, 2006 Request and Order 0948.
- By Order No. PSC-10-0091-CFO-EI, dated February 22, 2010, the Commission granted FPL's First Request for Extension of Confidential Classification.
- 3. By Order No. PSC-12-0163-CFO-EI, dated March 29, 2012, the Commission granted FPL's Second Request for Extension of Confidential Classification.
- 4. On September 23, 2013, FPL filed its Third Request for Extension of Confidential Classification of the Confidential Information, which included Second Revised Exhibit A, Second Revised Exhibit B, Third Revised Exhibit C and Third Revised Exhibit D ("September 23, 2013 Request"). By Order No. PSC-14-0070-CFO-EI ("Order 0070"), dated January 29,

2014, the Commission granted FPL's request. FPL adopts and incorporates by reference the September 23, 2013 Request and Order 0070.

- 4. The period of confidential treatment granted by Order 0070 will soon expire. The Confidential Information that was the subject of FPL's September 23, 2013 Request and Order 0070 warrants continued treatment as proprietary and confidential business information within the meaning of Section 366.093(3). Accordingly, FPL hereby submits its Fourth Request for Extension of Confidential Classification.
- 5. Included herewith and made a part hereof are Third Revised Exhibit A, Third Revised Exhibit B, together with Fourth Revised Exhibit C to reduce the number of pages for which confidential treatment is sought. FPL has identified in Third Revised Exhibits A and B and Fourth Revised Exhibit C all of the information in the work papers that warrants continued confidential treatment. Fourth Revised Exhibit C is a table that identifies the specific pages, lines or columns that remain confidential. The table also references the specific statutory bases for confidentiality and the affiants who support the requested classification.
- 6. Also included herewith and made a part hereof is Fourth Revised Exhibit D. Fourth Revised Exhibit D contains the affidavits of Antonio Maceo, Damaris Rodriguez and Gerard J. Yupp in support of this request.
- 7. The information contained in Third Revised Exhibit A and referenced in Third Revised Exhibit B, Fourth Revised Exhibit C and Fourth Revised Exhibit D continues to be proprietary confidential business information within the meaning of Section 366.093(3), F.S. The Confidential Information is intended to be and has been treated by FPL as private, its confidentiality has been maintained, and its disclosure would cause harm to FPL and its customers. Pursuant to Section 366.093, such materials are entitled to confidential treatment and are exempt from the disclosure provisions of the public records law. Thus, once the Commission

determines that the information in question is proprietary confidential business information, the Commission is not required to engage in any further analysis or review such as weighing the harm of disclosure against the public interest in access to the information.

- 8. As the affidavits included in Fourth Revised Exhibit D indicate, the Confidential Information includes data concerning internal auditing controls and reports of internal auditors or information relating to internal auditing reports issued in 2005. This information is protected by Section 366.093(3)(b).
- 9. Also, certain documents contain contractual data such as pricing and other terms, payment records, and vendor and supplier rates for oil and gas procurement, the disclosure of which would impair the efforts of FPL to contract for gas and oil procurement on favorable terms for the benefit of its customers and would impair the competitive interests of FPL and its vendors. This information is protected by Section 366.093(3)(d).
- 10. Additionally, some documents contain information that relates to competitive interests, the disclosure of which would impair the competitive business of FPL and its vendors. This information is protected pursuant to Section 366.093(3)(e).
- 11. Nothing has changed since the Commission entered Order 0070 to render the Confidential Information stale or public, such that continued confidential treatment would not be appropriate.
- 12. Upon a finding by the Commission that the Confidential Information remains proprietary and confidential business information, the information should not be declassified for at least an additional eighteen (18) month period and should be returned to FPL as soon as it is no longer necessary for the Commission to conduct its business. *See* § 366.093(4), Fla. Stat. (2014).

WHEREFORE, for the above and foregoing reasons, as more fully set forth in the supporting materials and affidavits included herewith, Florida Power & Light Company respectfully requests that its Fourth Request for Extension of Confidential Classification be granted.

Respectfully submitted,

John T. Butler Associate General Counsel - Regulatory Maria J. Moncada Principal Attorney Florida Power & Light Company 700 Universe Boulevard Juno Beach, FL 33408 Telephone: (561) 304-5795

FOURTH REVISED EXHIBIT D

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

IN RE: Fuel and Purchase Power Cost Recovery Clause with Generating Performance Incentive Factor Docket No: 150001-EI
STATE OF FLORIDA) AFFIDAVIT OF ANTONIO MACEO MIAMI-DADE COUNTY)
BEFORE ME, the undersigned authority, personally appeared Antonio Maceo who, being first duly sworn, deposes and says:
1. My name is Antonio Maceo. I am currently employed by Florida Power & Light Company ("FPL") as Manager, Internal Auditing. I have personal knowledge of the matters stated in this affidavit.
2. I have reviewed the documents referenced and incorporated in FPL's Fourth Request for Extension of Confidential Classification of Information Obtained in Connection with Audit No. 06-046-4-1 for which I am identified as the affiant. The documents or materials contain or constitute competitively sensitive information, the disclosure of which could impair the competitive business of the provider of the information. Specifically, some of the information contain or constitute internal auditing controls, reports or notes of internal auditors, or information relating to internal auditing reports issued in 2005. FPL treats such information as confidential and does not disclose it, except as required by law to entities or persons other than the customer absent the customer's consent. To the best of my knowledge, FPL has maintained the confidentiality of these documents and materials.
3. Nothing has occurred since the issuance of Order No. PSC-14-0070-CFO-EI to render the information stale or public, such that continued confidential treatment would not be appropriate. Therefore, the information should remain confidential for a period of at least an additional eighteen (18) months. These materials should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business so that FPL can continue to maintain the confidentiality of these documents.
4. Affiant says nothing further.

BEFORE ME, the undersigned authority, personally appeared Damaris Rodriguez who, being first duly sworn, deposes and says:

- 1. My name is Damaris Rodriguez. I am currently employed by Florida Power & Light Company ("FPL") as Senior Manager of Regulatory Issues in the Regulatory Affairs Department. I have personal knowledge of the matters stated in this affidavit.
- 2. I have reviewed the documents referenced and incorporated in FPL's Fourth Request for Extension of Confidential Classification of Information Obtained in Connection with Audit No. 06-046-4-1 for which I am identified as the affiant. The documents or materials that I have reviewed and which are asserted by FPL to be proprietary confidential business information contain or constitute customer-specific account information, which if disclosed would impair FPL's competitive interests. It is FPL's corporate policy not to disclose customer-specific information. This policy includes, but is not limited to: customer names, addresses, telephone numbers, and account numbers, rates, billing determinants (kW and kWh usage), conservation savings in kW, kWh and bills. FPL treats such information as confidential and does not disclose it, except as required by law, to entities or persons other than the customer absent the customer's consent. To the best of my knowledge, FPL has maintained the confidentiality of these documents and materials.

PALM BEACH COUNTY)	

BEFORE ME, the undersigned authority, personally appeared Gerard J. Yupp who, being first duly sworn, deposes and says:

- 1. My name is Gerard J. Yupp. I am currently employed by Florida Power & Light Company ("FPL") as Senior Director of Wholesale Operations in the Energy Marketing and Trading Division. I have personal knowledge of the matters stated in this affidavit.
- 2. I have reviewed the documents referenced and incorporated in FPL's Fourth Request for Extension of Confidential Classification of Information Obtained in Connection with Audit No. 06-046-4-1 for which I am identified as the affiant. The documents or materials that I have reviewed and which are asserted by FPL to be proprietary confidential business information contain or constitute contractual data such as pricing and other terms, payment records, vendor and supplier rates, and FPL's hedging results, the disclosure of which would impair the efforts of FPL to contract for capacity, energy, coal, natural gas, and fuel oil on favorable terms for the benefit of its customers and would impair the competitive interests of FPL and its vendors. Certain information in these documents and materials would also place FPL at a disadvantage when coupled with other information that is publicly available. To the best of my knowledge, FPL has maintained the confidentiality of these documents and materials.
- 3. Nothing has occurred since the issuance of Order No. PSC-14-0070-CFO-EI to render the information stale or public, such that continued confidential treatment would not be appropriate.
