Please tell FP&L "NO" increases. 1) They are a monopoly & we have little choice but to bow to them; 2) They have an enormous amount of Capital & income - they should learn to work within their means - it's well known the amount of profits FP&L & their parent company make; 3) They continue to stomp efforts for homeowners to get Rebates for Solar, energy efficient A/Cs, metal roofs - they cut them out & do NOT encourage our efforts to use less electricity; 4) Their program to sell you a policy against their outages to replace appliances is an outright Conflict of Interest! Yet another money making ploy; 5) I attended the PSC hearing on this & heard people saying they "rarely if ever" have outages - REALLY - I live in the acreage & find clocks etc blinking

FOLD & TAPE -- See back for address

Literally every day. They do not need, nor should they get more of our hard earned money - They have enough!!

Any email or other correspondence sent to a Florida Public Service Commissioner, or any other public official and/or employee of the PSC, in the transaction of public business is considered a public record and is subject to Florida's Public Records Law. This means that Florida law generally requires the PSC to provide a copy of any such email or correspondence, upon request, for inspection and copying to any Florida citizen or to any member of the media.

Just say "NO" - Don't buy into the Lies!!
Remember - "Love of money is the root of all evil!!"

PS - Who uses 1000 kw? We use about 2000 kw & our bill exceeds \$200.00 every month - D Stagerwald
