Docket No. 160004-GU
Filed: October 4, 2016

AMENDED PETITION OF FLORIDA CITY GAS
FOR APPROVAL OF CONSERVATION COST RECOVERY FACTORS

Florida City Gas, a division of Pivotal Utility Holdings, Inc. (“Florida City Gas” or “the Company”) hereby submits this amended petition asking that the Commission approve the Company’s conservation cost recovery factors for the period January 1, 2016 through December 31, 2016. This amended Petition is submitted to reflect corrections in all rates, which were supplied in error. All corrected rates and amounts herein are underlined for clarity. FCG apologizes for any inconvenience this may have caused. In support thereof, the Company says:

1. For the period January 1, 2015 through December 31, 2015, the Company’s Adjusted Net True-Up is an over-recovery of \$129,132, calculated based upon an end-of-period net true up over-recovery of \$378,334. Florida City Gas also projects an over-recovery of \$347,921 for the period January 1, 2016 through December 31, 2016. The total incremental costs for 2017 are projected to be \$5,430,057. When the prior period true-up is included, this results in a total of \$5,082,136 in conservation costs to be recovered over the period January 1, 2017 through December 31, 2017.

2. When the required true-up and projected expenditures are spread over the projected term sales and expanded for taxes, the required conservation cost recovery factors for the period January 1, 2017 through December 31, 2017, are:
