**Subject:** Docket 20170190-GU

Good morning,

The title for this docket needs 3 additional words to make it correct. In the title, immediately after “(GRIP)” the following words “cost recovery factors” should be added.

The title should be (I’ve italicized the addition):

Joint petition for approval of gas reliability infrastructure program (GRIP) *cost recovery factors* by . . . .

If you have questions, let me know.  
Thank you.
