

Nov 25, 2017

Dear Members of the Public Service Com:

I have watched FPL
make bad decisions for the
people of Florida for
58 years. Always profits
are the motivation on
all their decisions.

It is time to change
to solar power in the
sunshine state and let
FPL pay to clean up
their mess in our
Biscayne Bay.

Be honest and be
fair and you will
feel good - knowing
you have done the right
thing.

Sincerely,
Sally Fieds
