Re: Marion Utilities, Inc

Dear Bart,

After review, we Marion Utilities Inc. agree to the attachment of Commission jurisdiction to revenues from Jan. 1, 2018, for the effect of the Tax Cuts and jobs acts to the extent it results in the Utility exceeding the upper limit of is authorized rate of return.

If you need anything else just let us know.

Yours truly,

Tim Thompson
President

Good afternoon, Mr. Thompson.

This email is in response to your email below and to memorialize further our phone discussions. The Tax Cuts and Jobs Act (hereafter referred to as "ACT") became effective January 1, 2018. One important aspect of the ACT is that the statutory federal tax rate of 35 percent has been reduced to 21 percent. The ACT has the potential to impact jurisdictional electric and gas utilities, as well as certain jurisdictional water and wastewater utilities.

Because the ACT became effective January 1, 2018, Commission staff has been asking utilities, that do not already have revenues attached for the potential impact of the ACT, to attached Commission jurisdiction to revenues from January 1, 2018, to the extent any potential impact would exceed the upper limit of said utility's authorized return. For utilities that do not desire to do so, Commission staff will be filling a recommendation on January 25, 2018, to attached jurisdiction on the potentially affected utilities, for which the Commission will consider staff's recommendation at its February 6, 2018, Commission Conference.

Further, Commission staff will be holding separate meetings with electric utilities, gas utilities, and water and wastewater utilities next month to discuss how to address the potential impact of the ACT.

I hope the information above is helpful.

Thanks,

Bart Fletcher

I'm not quite sure if we need to consult someone before signing off on something that we're not totally sure what it means, or how it will affect us. Can you give me a little more information about this ?

Thanks,

Tim Thompson, Marion Utilities, Inc.

Good morning, Mr. Thompson.

To follow-up on our discussion this morning, the attached PDF file contains an example letter received from another affected utility.

Thanks,

Bart Fletcher
