

FLORIDA PUBLIC SERVICE COMMISSION

Item 8

VOTE SHEET

February 6, 2018

FILED 2/6/2018
DOCUMENT NO. 00995-2018
FPSC - COMMISSION CLERK

Docket No. 20170272-EI – Application for limited proceeding for recovery of incremental storm restoration costs related to Hurricanes Irma and Nate, by Duke Energy Florida, LLC.

Issue 1: Should the Commission authorize DEF to implement an interim storm restoration recovery charge?

Recommendation: Yes, the Commission should authorize DEF to implement an interim storm restoration recovery charge. Once the total actual storm costs are known, DEF should be required to file documentation of the total storm costs for Commission review and true-up of any excess or shortfall.

The appropriate security to guarantee the funds collected subject to refund is a corporate undertaking.

APPROVED

Issue 2: Should the Commission approve DEF's proposed tariffs?

Recommendation: Yes. The Commission should approve DEF's proposed tariffs to go into effect ~~February 6, 2018.~~ *with the first billing cycle in March 2018.**

MOOT

The Commission approved the amended implementation stipulation, and Duke withdrew its tariffs associated with the storm restoration petition. These actions make Issue 2 moot.

REMARKS/DISSENTING COMMENTS:

**Oral modification, assigned DN 00835-2018, is attached.*

February 6, 2018

Docket No. 20170272-EI – Application for limited proceeding for recovery of incremental storm restoration costs related to Hurricanes Irma and Nate, by Duke Energy Florida, LLC.

(Continued from previous page)

Issue 3: Should this docket be closed?

Recommendation: This docket should remain open pending final reconciliation of actual recoverable storm costs with the amount collected pursuant to the interim storm restoration recovery charge, and the calculation of a refund or additional charge if warranted.

APPROVED

Subject: Request for Oral Modification to Item 8 Scheduled for the February 6, 2018 Agenda

Staff requests approval to make an oral modification to Item 8, scheduled for the February 6, 2018 Agenda, Docket No. 20170272-EI, Application for limited proceeding for recovery of incremental storm restoration costs related to Hurricanes Irma and Nate, by Duke Energy Florida, LLC. Staff's proposed modification relates to a correction to the effective date of the proposed tariff. This change does not alter staff's recommended interim storm restoration recovery charge.

Staff's proposed oral modification is as follows:

Issue 2: Should the Commission approve DEF's proposed tariffs?

Recommendation:

Yes. The Commission should approve DEF's proposed tariffs to go into effect February 6, 2018 with the first billing cycle in March 2018. (Doherty)

Staff Analysis: DEF is seeking approval of interim storm recovery charges as shown in proposed Eighty-First Revised Tariff Sheet No. 6.105 (Attachment A to this recommendation). Appendix F to the petition includes revisions to all tariffs reflecting the addition of the interim storm recovery charges as shown on Tariff Sheet No. 6.105. A residential customer who uses 1,000 kilowatt-hours will see a \$5.20 increase on the monthly bill starting in March 2018.

In response to staff's request for additional information, DEF stated that customers will be notified of the interim storm recovery charge via bill inserts on the first billing cycle in February 2018 and has provided the notice for staff review. The interim storm recovery charges will start with the first billing cycle in March 2018 that occurs on February 27, 2018.

Staff recommends that the Commission approve DEF's proposed tariffs to go into effect February 6, 2018 with the first billing cycle in March 2018.
