

To Public Service Commission,

8-7-18

CORRESPONDENCE
8/10/2018
DOCUMENT NO. 05220-2018

I'm writing this letter in regard to the sale of the City of Vero Beach Electric system to FPL. I voted in favor of the sale. I've lived in my complex in Vero Beach since January of 2010. I live on Social Security disability so it's hard to pay high Electric Bills on top of a recent Rent increases. I was so thrilled to hear we were finally going to be moving from City Electric to FPL until I heard about these Appeals. Please let this sale go through I'm tired of struggling every month with these bills and can't run my air conditioner at night and have to use a fan and it's still hot. I have a spinal cord injury so it's awful. I am on Budget Billing with the City now but it doesn't help much. Please honor what the citizens of Vero Beach wanted and let the sale go through. Docket number 20170235 and 20170236-EL

Dockets:

20170235
20170236

Thank you,
Mary Kate Roberts
