RE: Docket number — 20170235-EI and 20170236-EU.

Public Service Commission Officials,

Please let this FPL sale go through.

We have been waiting for FPL to come to us for years and will be so disappointed and disgusted if we are once again stuck with overpriced electric rates because a few people know how to work the system to get their way.

We have lived in Florida for more than three decades and have enjoyed FPL's fine service, until we came to Vero Beach. The bills here in Vero Beach are so much more than we paid previously.

I think it says something when your buying your new house in Vero and your real estate sales person tells you to go get the best AC you can because the electric in Vero is so expensive.

Thanks
Victoria Bates
