Dear Ms. Stauffer,

I am a resident of Vero Beach, Florida. I have lived here for 70 years. Needless to say, I have seen a lot of changes to my town, and not all of them for the good.

I am writing you to add my name to the list of people that would like to not see our utility company sold. We do not want FPL to take over.

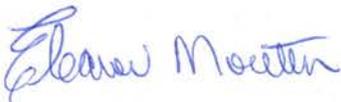

Please give this decision a lot of thought. I know the 3 or so council persons are pushing for this, but at our last election, big outside money came in to help the races of the council persons as this was the plan they had.

They say that two times we have voted to sell to FPL, but all I remember was a ballot to vote on whether to instruct the council, at that time, to look into information, not for three people to make the decision to sell.

During hurricanes, the city repairs outages faster than FPL. We are a lot smaller than West Palm or Miami so they send the majority of their resources there first.

Thank you for your attention to this matter.

Sincerely,

Eleanor Moulton
