Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 50+, I am writing to state my dismay that Florida Power and Lighting is not applying the cost savings from The Tax Cut and Jobs Act of 2017 to consumers. Their corporate income tax rate was lowered from 35 percent to 21 percent estimated to be worth almost \$650 million. It is only fair that some or all of those savings be passed along to customers such as me. When the situation is reversed, Florida Power and Lighting moves with speed to pass along their increased costs to consumers. This is simply a matter of fairness and reducing the economic load for consumers. Customers across the U.S. have enjoyed lower bills as a result of a tax savings.

Thank you for your consideration!

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Mr. Kevin Johnson
