Adam Teitzman, Office of Commission Clerk

Florida Public Service Commission

2540 Shumard Oak Boulevard

Tallahassee, Florida 32399-0850

Dear Mr. Teitzman:

Attached is a letter supporting FPL's SolarTogether program from a diverse group of business customers with operations in Florida. Please kindly share this letter with Chairman Graham and Commissioners Clark, Brown, Polmann, and Fay. On behalf of my fellow signatories, your immediate attention is very much appreciated.

Sincerely,

Jeff Bowen

Director of Energy

Commissioner Andrew G. Fay

Re: Docket No. 20190061, Support for Program Approval

Dear Commissioners:

On behalf of the signatories below, we are writing to express support for Florida Power & Light Company's Docket No. 20190061 as it pertains to the proposed FPL SolarTogether Program currently under review by the Florida Public Service Commission.

As businesses operating in Florida and across the country, and serving thousands of Floridians every day, we have continued interest in voluntary renewable energy programs which support our corporate sustainability and financial goals.

FPL's efforts to establish a program of this size and scope is a win-win for not only those that choose to participate, but all FPL customers. Please note that not all of the signatories included in this correspondence have pre-registered to participate. We feel this is important as it shows interest and support well beyond those that have expressed interest in participation as the Program is designed to provide value to all Floridians.

The Program would provide all participating customers the opportunity to meet both their financial and sustainability goals, promote continued development of solar generation in Florida, increase fuel diversity to lessen dependence on fossil fuels, and stimulate positive economic growth.

We fully support FPL's proposed SolarTogether Program and believe it will set a new bar for clean energy programs nationwide.

Respectfully, we strongly encourage the Florida Public Service Commission to approve the FPL SolarTogether Program and join us, along with FPL, in making Florida a world leader in solar energy generation.

Sincerely,

Jeff Bowen, Director of Energy, Dillard's

Bill Balsamo, Director of Energy & Environmental Services, Luxottica of America, Inc.

Bill Crider, Director of Energy and Sustainability, Target Corporation

Mike Colwell, Director, Strategic Sourcing, Illinois Tool Works

Steve DePalo, Director - N.A. Sustainability, McDonald's Corporation
