Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

Hey, Folks hold on to your britches on minute! This house is occupied by two disabled folks an disability income. How do you propose we have any extra cash for Huge Power Companies? We can not even afford our medicine and our dogs are

living without their medicine or vet visits either! Now way cost of living raises will pay for your proposal. There must be some accommodation made for disabled and lower incomes! Like being in the freezing cold and can not afford heat so many will die!!!

Sincerely,

Mr. Ronald Kirkland
