Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

As a retired person with limited resources I don't believe this is a wise choice. It seems to me that the monies spent to protect such a low percentage of customers doesn't make sense. This program should be given a closer look.

Sincerely,

Mr. James Ferioli
