Florida PSC PSC PSC
FL

Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

I have been following the government mandates to isolate at home and, even though I keep my temps inside at no lower than 80 degrees, my utility Bill's are still going to rise because of the PSC failing to adequately hold the electric utilities accountable for not spending public dollars to actually prevent it reduce the number of storm related outages by burying utility lines. With all the storm history we have, why aren't you mandating the proper and logical spending of public dollars?

Sincerely,

Ms. Susyn Stecchi
