Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

The fact that this Plan again gives FPL and its subsidiaries such a big profit margin is grossly unfair. At a time when the average customer

is bogged down with other cost of living increases and no increase when it comes to salaries, I cannot see why you would approve these Plans. NO savings is being passed on to FPL clients and for them to be making close to \$20 billion in profits is ridiculous. Please stop working for FPB and its subsidiaries!
