Florida PSC PSC PSC
FL

Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

I agree with AARP on their findings.

Why spend Billions of dollars on a project without knowing the return on the investment.

How can you possibly approve a project without being able to measure it's effectiveness?

Thank you

Sincerely,

Mr. Tom Swensen
