Subject: Stop the Electric Utilities' Boondoggle (Docket 20200092-E1)

Sep 29, 2020

Florida PSC PSC PSC
FL

Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

Power lines in Margate Place are underground. The problem is lines are overhead and vulnerable just outside our subdivision for miles. One line break and the entire neighborhood loses power. Even when FPL does act faster, the benefit still only affects very few customers.

I do not understand paying more for such a small improvement.

Please rethink this boondoggle that appears to mainly add to the utilities bottom line. Thank you.

Sincerely,

Mr. Robert Soper
