RE: Docket 20200255-WU - Application for transfer of water facilities to the City of Quincy in Gadsden County, and cancellation of Certificate No. 559-W, by Joyland Water System.

Joyland Water System (Joyland or Utility) is a Class C water utility providing service to approximately 45 residential and two general service water customers in Gadsden County. On December 9, 2020, Joyland filed an application for transfer of its water facilities to the City of Quincy, and cancellation of Certificate No. 559-W. The application included an Asset Purchase Agreement between Joyland and the City of Quincy which was executed on October 30, 2020. Pursuant to Section 367.071(4), Florida Statutes (F.S.), the sale of facilities to a governmental authority shall be approved as a matter of right. As such, no notice of the transfer is required and no filing fees apply.

Furthermore, pursuant to Section 367.071(4)(a), F.S., and Rule 25-30.038(2)(d), Florida Administrative Code (F.A.C.), the Utility provided a copy of the document transferring Joyland's water facilities. In accordance with Rule 25-30.038(2)(f) and (g), F.A.C., Joyland stated that customer deposits were not collected, and its regulatory assessment fees will be paid by March 31, 2021. On February 3, 2021, copies of Joyland's 2019 and 2018 Annual Reports were provided to the City of Quincy.

The Commission has jurisdiction pursuant to Section 367.071, F.S. Also, pursuant to Section 2.07(C)(4)d. of the Administrative Procedures Manual, staff has been given administrative authority to approve transfers to governmental entities that are in compliance with Section 367.071(4)(a), F.S. and are not controversial in nature.

Based on the above, staff believes that the application is in compliance with Sections 367.022(2) and 367.071, F.S., and Rule 25-30.038, F.A.C. Staff recommends that the Commission acknowledge the transfer of the water system to the City of Quincy as a matter of right, pursuant to Section 367.071(4)(a), F.S., and cancel Certificate No. 559-W effective October 30, 2020. In addition, staff recommends that the docket be closed because no further action is necessary.
