Subject: RE: Stop Rubber Stamping FPL Requests!
Date: Monday, June 14, 2021 5:57:09 PM

Good afternoon Mr. Funt,

We will be placing your comments below in consumer correspondence in Docket No. 20210015-EI, and forwarding them to the Office of Consumer Assistance and Outreach.

Sincerely,

Collin D. Roehner

Commission Deputy Clerk II
Florida Public Service Commission

Subject: Stop Rubber Stamping FPL Requests!

Dear Commissioner

Florida Power & Light is asking for the largest single rate hike in Florida history at a time when consumers are facing an increased cost of goods and services as we recover from the economic downturn caused by COVID-19. Increasing the cost of electricity is something you, the Public Service Commission, can control.

It is unconscionable to think that we should have to pay more for our electric service at a time like this. Rubber stamping an all-time high return on equity of 11.5 percent goes against helping struggling Floridians. Putting people over profits should come first. This is actually more than people over profits. Their profits are obscene and getting worse, while the service is not improving. NOBODY is guaranteed such a rate of return and with NO RISK. They should be getting a 5% return.

Now is not the time to give FPL what it wants; let's keep the public in Public Service Commission!

Thank you,

Mark Funt
