Subject: Stop Rubber Stamping FPL Requests!

Dear Commissioner

Please! I implore you, senior citizens on fixed incomes cannot withstand these outrageous proposed FPL increases. The majority of Florida citizens cannot either. Stop playing into the hands of greedy corporations and the wealthy. These unrealistic profits for FPL at the expense of ordinary struggling citizens for a life necessity must stop. Do the right thing for Florida's citizens!

Florida Power & Light is asking for the largest single rate hike in Florida history at a time when consumers are facing an increased cost of goods and services as we recover from the economic downturn caused by COVID-19. Increasing the cost of electricity is something you, the Public Service Commission, can control.

It is unconscionable to think that we should have to pay more for our electric service at a time like this. Rubber stamping an all-time high return on equity of 11.5 percent goes against helping struggling Floridians. Putting people over profits should come first.

Now is not the time to give FPL what it wants; let's keep the public in Public Service Commission!
