Subject: Stop Rubber Stamping FPL Requests!

Dear Commissioner

I am reaching out to voice my concern regarding Florida Power & Lights request for the largest single rate hike in Florida history. This, at a time when we, consumers, are already facing increased cost of goods and services as we recover from Covid-19. PLEASE, as the Public Service Commission, you can control this excessive request.

It is unconscionable to think that we should have to pay more for our electric service at a time like this. Rubber stamping an all-time high return on equity of 11.5 percent goes against helping struggling Floridians. Putting people over profits should come first.

Thank you,
Betsy Gallagher
