Good Afternoon, Mr. Goodman.

We will be placing your comments below in consumer correspondence in Docket No. 20210015, and forwarding them to the Office of Consumer Assistance and Outreach.

Thank you!

Toni Hover

Subject: Can I borrow some money?

Dear Commissioner

If you loan me some money, I could afford to purchase Florida Power & Light stock.

Since they are asking for the largest single rate hike in Florida history at a time when I am facing a huge increase in the cost of goods and services, I need to ask who will benefit from this rate increase?

Not me, struggling with health insurance for myself and my wife (\$1750/month). Not me, that has to watch what I spend on everything. Not me that just had my homeowners insurance go up over 30%

Only the shareholders. The people that are already wealthy enough to purchase the stock.

As we recover from the economic downturn caused by COVID-19, increasing the cost of electricity is something you, the Public Service Commission, can control.

It is unconscionable to think that we should have to pay more for our electric service at a time like this. Approving an all-time high return on equity of 11.5 percent goes against helping struggling Floridians (me).

Putting people over profits should come first.

Thank you

Thank you,

Charles Goodman
