Subject: RE: Stop Rubber Stamping FPL Requests!

Good Afternoon, Mr. Williams.

We will be placing your comments below in consumer correspondence in Docket No. 20210015, and forwarding them to the Office of Consumer Assistance and Outreach.

Thank you!

Toni Hover

Subject: Stop Rubber Stamping FPL Requests!

Dear Commissioner

Florida Power & Light is asking for the largest single rate hike in Florida history at a time when consumers are facing an increased cost of goods and services as we recover from the economic downturn caused by COVID-19. Increasing the cost of electricity is something you, the Public Service Commission, can control.

It is unconscionable to think that we should have to pay more for our electric service at a time like this. Rubber stamping an all-time high return on equity of 11.5 percent goes against helping struggling Floridians. Putting people over profits should come first.

Now is not the time to give FPL what it wants; let's keep the public in Public Service Commission!

My wife and I are both collecting social security. We do NOT get raises or get to work overtime anymore as we are both in our 70's. FPL will increase their rates by 15% over four years.....I know for a fact that our SSI will not be anywhere close to that amount, even in four years. That means any increase in our social security will all be eaten up by the FPL rate increases.

Please deny their request,

Thank you,
Steve Williams
