Subject: Stop Rubber Stamping FPL Requests!

Dear Commissioner

Florida Power & Light is asking for the largest single rate hike in Florida history at a time when consumers are facing an increased cost of goods and services as we recover from the economic downturn caused by COVID-19. Increasing the cost of electricity is something you, the Public Service Commission, can control. I am a retired widow and have a hard time paying my bills due to tax and insurance increases. I will have a hard time with a utility increase also. I need financial help. RE: Docket # 20210015-El Sincerely, Linda Di Leonardi 3372 Echo Ridge Place, Cocoa, Florida 32926.

It is unconscionable to think that we should have to pay more for our electric service at a time like this. Rubber stamping an all-time high return on equity of 11.5 percent goes against helping struggling Floridians. Putting people over profits should come first.

Now is not the time to give FPL what it wants; let's keep the public in Public Service Commission!

Thank you,

Linda DiLeonardi
