Subject: Stop Rubber Stamping FPL Requests!

Dear Commissioner

This is outrageous. We are all just coming out of one the hardest years in our lives and now you literally want to allow FPL to take not only the food of our table, but the breath out of our air. It is criminal and I will do everything in my power to spread the word. Florida Power & Light is asking for the largest single rate hike in Florida history at a time when consumers are facing an increased cost of goods and services as we recover from the economic downturn caused by COVID-19. Increasing the cost of electricity is something you, the Public Service Commission, can control.

It is unconscionable to think that we should have to pay more for our electric service at a time like this. Rubber stamping an all-time high return on equity of 11.5 percent goes against helping struggling Floridians. Putting people over profits should come first.

Now is not the time to give FPL what it wants; let's keep the public in Public Service

Commission!

Thank you.
