In re: Application for transfer of water facilities of Sunshine Utilities of Central Florida, Inc. and Water Certificate No. 363-W to CSWR-Florida Utility Operating Company, LLC, in Marion County.

DOCKET NO. 20210095-WU  
ORDER NO. PSC-2021-0253-CFO-WU  
ISSUED: July 12, 2021

ORDER GRANTING CSWR-FLORIDA UTILITY OPERATING COMPANY, LLC'S  
REQUEST FOR CONFIDENTIAL CLASSIFICATION (DOCUMENT NO. 03922-2021)

BY THE COMMISSION:

On May 5, 2021, pursuant to Rule 25-22.006, Florida Administrative Code (F.A.C.), CSWR-Florida Utility Operating Company, LLC (CSWR-FL) filed a request for confidential classification (Request) of certain information highlighted information in Document No. 03922-2021.

Request for Confidential Classification

CSWR-FL contends that designated portions of the information constitute proprietary confidential business information entitled to protection under Section 367.156, Florida Statutes (F.S), and Rule 25-22.006, F.A.C. CSWR-FL asserts that disclosure of the confidential information in the documents is intended to be proprietary, is treated as proprietary, and has not been publicly disclosed.

CSWR-FL contends that confidential information consists of the consolidated financial statements of CSWR, LLC and its subsidiaries. CSWR-FL was created for the purpose of acquiring and operating water and wastewater systems in Florida and has no financial statements. CSWR-FL asserts that the audited financial statements of CSWR, LLC, are not publicly available. CSWR-FL states that the disclosure of the confidential financial information would impair the business and competitive interests of CSWR, LLC and, in turn, CSWR-FL. Therefore, CSWR-FL argues that such information is entitled to confidential classification pursuant to Section 367.156(3)(e), F.S.

Ruling

Section 367.156(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 367.156(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section

367.156(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms; and
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 367.156(3), F.S., for classification as proprietary confidential business information. The information constitutes “information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.” Thus, the information identified in Document No. 03922-2021 shall be granted confidential classification.

Pursuant to Section 367.156(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless CSWR-FL, or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Art Graham as Prehearing Officer, that CSWR-Florida Utility Operating Company, LLC’s Request for Confidential Classification of Document No. 03922-2021, is granted. It is further

ORDERED that the information in Document No. 03922-2021 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless CSWR-Florida Utility Operating Company, LLC or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Art Graham, as Prehearing Officer, this 12th day of July, 2021.
