As a resident of Hillsborough County, I object to the approval of TECO's request for a rate increase which will come before the PSC beginning August 9, 2021. We are in the middle of the pandemic, and this is not the time to impose higher rates on residents who have already been affected economically by this pandemic. If a rate increase is deemed necessary, it should be at best, half of the TECO 40/20% current request.

Thank you,  
Geri Clark
