Subject: Rate Increase

It is my understanding that a proposed rate increase of 19% for Teco is in discussion. Well, since I am a Teco customer I vote ABSOLUTELY NOT!! I can't even believe that this would even be discussion at all. It boggles the mind that an increase of that amount or any amount for that matter would actually be considered. I don't know about you but I didn't get a 19% increase in my paycheck. So many people have lost jobs of the last 18 months and are not even able to pay their mortgage or rent. How do you think they could pay for a 19% increase in electric bill???
