**Subject:** Docket#20210034-El

Please do not give Tampa Electric the rate increase they have applied for in the above docket. The increase seems excessive, although I know they have applied for much more than they expect to get.

In this time of covid stress and business stress and personal financial stress also, it is important that everyone be able to have electric every day without it becoming a major financial issue. Increases such as this also contribute to inflation.

I would certainly appreciate your taking a good hard look at the size of this request.

Thank you.

Dolores Barton
