Subject: FPL's request for a rate increase

Dear Public Service Commission,

As a resident of Venice, Florida, I ask you to turn down FPL's rate increase petition, which would create an unnecessary and excessive burden on utility customers at a time when many Floridians can least afford to pay more for their unavoidable daily expenses.

FPL is trying to charge customers like us for a range of projects we do not want or need. FPL does not need to spend billions of our dollars to build redundant fossil fuel units, rebuild an already-sufficient transmission system, and give their shareholders a raise.

Please do not put FPL's desire to maximize profits over our need to power our homes and businesses affordably.

I appreciate your thoughtful consideration and concern for our environment and equitable pricing for homeowners and businesses in Florida.

Sincerely,
Donna Day
412 Clover Rd Venice, FL 34293-2707
