Dear Public Service Commission,

I hope you will toss TECO's rate increase petition in the trash, where it belongs.

TECO is trying to charge customers like us for a range of projects we do not want or need. TECO does not need to spend billions of our dollars to build a new fossil fuel unit at the Big Bend powerplant that will pollute our environment for years to come.

Please do not put TECO's desire to maximize profits over our need to power our homes affordably.

Thank you for taking time to consider my thoughts.

Sincerely,
Shannin Zevian
