Dear Commissioner

It is in the average consumer's best interest, to prevent FPL cost increases.

FPL must be responsible for the costs involved with all operational & maintenance costs, and not passing all those costs to the consumers.

Fair is fair, and everyone has to pay a price to keep up with the changes, even the big companies. Would you not like, not having enough to pay for food, rent, water, & electricity? Millions suffer through this.

Thank you,

Paul McDade 6834 GIRALDA CIR BOCA RATON FL, 33433-7720
