Subject: Keep FPL from raising rates once again

Dear Commissioner

As retirees we can't afford to keep having FPL raising their rates when the price of oil has not gone up to affect the rates they charge and they are one of the most profitable entities. The PSC is not taking into consideration the Florida residents burdens with price increases and keeps giving FPL all the rates increases they have requested over the years. Please stop being so cozy with FPL and always give them what they ask for and more.

Thank you,

Angel Alvarez
