Subject: Tell the PSC Why They Need to Keep Your Power Bill Low

Dear Commissioner

My wife and I are retired and on fixed income. Everything in our home is put in with energy efficiency in mind. Significant increases in rates would impact our ability to enjoy our retirement years.

Please consider to STOP sending advertisements for power supply cables/equipment insurance. Those frequent ads, in one way or another, use our ratepayer money and the language is a focused scare tactic.

Thank you,

Anthony Carcich
