Dear Commissioner

The retired population is not getting the raises to keep up with all the utility bill rate increases. Electric companies are not the only ones increasing Bill's. Telephone, Water, Security, HOA s are all getting increases. A couple dollars for each really adds up and most elderly do not have enough money to maintain a comfortable living.

Please reconsider a rate increase even though it's spread over a few years it will take its toll on the retirees.

Thank you,

Jerry Robertson
