Tips

Hi Rich,

Clete confirmed he will review these reports in the next couple days. We'd be happy to tune in for a Consulting party coordination call.

I'm excited to hear the Sunshine Gateway projects is still on track! I've driven past there several times and wondered when FDOT was going to get that rest stop operational. I suppose it will still be a little while, but it's good to hear they're making progress.

Best,
Jason

EMAIL RECEIVED FROM EXTERNAL SOURCE

Thanks! We're pulling-up with Robin Moore later today to talk about the overall review process unit the NFRC PA, how that will work, and how long we can expect reviews and Consulting Party coordination to take. I'd like to have a call with all the Consulting Parties to get everyone on-board once Robin defines what he sees as the USACE process.

BTW, remember the Sunshine Gateway Solar MOA? Well, I've gotten word that the FDOT is finally designing the new Rest Area on I-10, so we can finally get the interpretive signage and the rest of the conditions in-place.

Best, Rich

Hi Rich,

I believe they are still pending review with Clete, but I will check in with him today on their status.

Best,

Jason Aldridge

Jason,

Just wanted to check with you to make sure that the three (3) NFRC addendum reports are in process and that all was good with the format.

I trust you're braving through this last little bit of winter – Tally seems to be getting hit more than the rest of the state....

Best, Rich
