Subject: Tell the PSC Why They Need to Keep Your Power Bill Low

Dear Commissioner

Allowing the proposed FPL rate hikes will negatively impact all of those on fixed incomes, many of whom currently struggle to pay their bills.

We are experiencing inflation in every area and, as usual, it hits the lower economic levels the hardest.

I understand that FPLs costs are rising too, but any rate hikes approved should be as small as possible to limit the impact to the consumer.

Thank you,

Kay VanWie
