

FLORIDA PUBLIC SERVICE COMMISSION

Item 7

VOTE SHEET

December 7, 2021

FILED 12/7/2021
DOCUMENT NO. 12970-2021
FPSC - COMMISSION CLERK

Docket No. 20210121-EG – Petition for approval of modifications to demand-side management program plan and participation standards, by Duke Energy Florida, LLC.

Issue 1: Should the Commission approve, for cost recovery purposes, the modifications to DEF’s demand-side management plan and participation standards as requested in its petition?

Recommendation: No. ~~The modification to the Home Energy Check program should not be approved for cost recovery purposes because the modification is not cost-effective.~~ The modification to the Residential Load Management program should not be approved for cost recovery purposes because the gift cards do not contribute to demand savings. However, this recommendation does not preclude DEF from making the modifications requested, and having the associated costs borne by its shareholders.

~~The Commission need not take any action at this time regarding the proposed modification to adjust the forecasted participation in the Neighborhood Energy Saver program because there is no participation cap on this program. If DEF chooses to modify this program’s marketing efforts in order to increase participation in the specified years, it would be more appropriate for the Commission to review the associated costs in the ECCR- Clause proceeding.~~

APPROVED *95* **MODIFIED**

The modification to DEF's Home Energy Check Program and Neighborhood Energy Saver Program are approved for cost recovery purposes.

COMMISSIONERS ASSIGNED: All Commissioners
