**Subject:** Docket # 20200226-SU

Clerk of Commission,

I am a property owner on Palm Island 342 S Gulf Blvd since 1998.

I would like to that PSC deny EU's application for wastewater service.

The cost for the hook up is very uncertain along with the average residential bill. This is huge financial obligation, which is not necessary to me as a homeowner with a very functioning and maintained septic system. and the cost to close my current septic tank.

The expense of the additional electric panel, electric bill associated with the pump needed and potential a generator in the event of power outages. Is also very uncertain.

Our island serviced by the ferry will have huge traffic disruptions, damaging our roads, yards, landscaping.

Please DENY this application.

Thank you,

**Kevin Reed**
