RE: Docket No.: 20200185-WS; Application for original water and wastewater certificates in Lake and Sumter Counties by Gibson Place Utility Company, LLC

Dear Mr. Tietzman:

On April 19, 2022, I filed a Petition to Establish Rates and Charges on behalf of Gibson Place Utility Company, LLC. Included in the documentation was a proposed Wastewater Tariff. Enclosed is an updated Sheet No. 15.1 to correct an oversight in the description of the particular charge.

Should you or Staff have any questions, please do not hesitate to give me a call.

Very truly yours,

MARTIN S. FRIEDMAN

(Continued from Sheet No. 15.0)

MISCELLANEOUS SERVICE CHARGES

COLLECTION DEVICE CLEANING CHARGE

This charge may be levied to non-compliant general service customers who fail to provide quarterly cleaning manifests and any maintenance deemed necessary by the customer's grease interceptor cleaning contractor, and for testing to ensure the grease receptor is properly removing fats, oil and grease. If a cleaning manifest is not received by the Utility on time or if necessary maintenance has not been performed, a reminder letter will be sent to the company with an estimate of charges for cleaning the grease interceptor and allow the customer 15 days to come into compliance. If the customer fails to come into compliance by the notified deadline, the Utility will hire a contractor to perform the cleaning and the contractor's cost will be passed through to the general service customer at the actual cost to the Utility.

Collection Device Testing/Cleaning/Repair/Installation Charge: Actual Cost
