Complaint: Improper Billing against Florida Power & Light Company

Details:

I'm contacting you about the new discriminatory billing against solar customers. Mandatory minimum monthly billing is bullshit and should be repealed. Where is the justification for this charge? Its bad enough FPL doesn't compensate solar customers fairly for the extra electricity we feed to the grid. The PSC only serves FPL not the public. Its proven by the massive rate increase you just granted FPL, the largest in the history of the state, at a time when FPL made record profits. FPL , nothing more than a greedy monopoly, that should be broken up.
