DOCKET NO. 20220050-EI
ORDER NO. PSC-2022-0283-CFO-EI
ISSUED: July 21, 2022

ORDER GRANTING DUKE ENERGY FLORIDA'S REQUEST FOR CONFIDENTIAL
CLASSIFICATION OF DOCUMENT NO. 03001-2022

On June 6, 2022, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Duke Energy Florida (DEF) filed a Request for Confidential Classification (Request) of information contained in documents provided in response to OPC's 3rd Request for Production (Nos. 35-41) (Document No. 03001-2022). This request was filed in Docket No. 20220050-EI.

Request for Confidential Classification

DEF contends that the information in documents provided in response to OPC's 3rd Request for Production (Nos. 35-41) (Document No. 03001-2022), constitutes proprietary and confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. DEF asserts that this information is intended to be and is treated by DEF as private and has not been publicly disclosed.

DEF contends that information contained in its response as outlined above represents confidential business information including proprietary and confidential internal presentations, internal management deliberations, rates, costs, processes, and procedures. DEF argues that such information is entitled to confidential classification pursuant to Section 366.093(3)(d) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above and in DEF's Request appears to contain documents which are asserted by DEF to be proprietary and confidential internal presentations, internal management deliberations, rates, costs, processes, and procedures, the disclosure of which would impair DEF's competitive business interests and ability to contract on favorable terms. Thus, the information identified in Document No. 03001-2022 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless DEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Mike La Rosa as Prehearing Officer, that Duke Energy Florida's Request for Confidential Classification of Document No. 03001-2022 is granted. It is further

ORDERED that the information in Document No. 03001-2022 for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Duke Energy Florida or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Mike La Rosa, as Prehearing Officer, this 21st day of July, 2022.
