Comments:

You've already allowed FPL to screw over NW Florida with those ridiculous rate increases, please DO NOT allow them to increase those rates even more, we the people should not have to pay for any more of their projects. When are you going to start saying NO to them? Get them out of your pockets, stand up to them and vote NO on this increase they are asking for. You're supposed to be watching out for the people of Florida, not line the pockets of big businesses such as FPL. If they can pay millions a year to their people, they can afford to pay for their own construction adventures.
