A. **WITNESSES:**

None.

B. **EXHIBITS:**

None.

C. **STATEMENT OF BASIC POSITION**

The utilities bear the burden of proof to justify the recovery of costs they request in this docket. The utilities must carry this burden regardless of whether or not the Interveners provide

evidence to the contrary. Further, the utilities bear the burden of proof to support their proposal(s) seeking the Commission's adoption of policy statements (whether new or changed) or other affirmative relief sought. Even if the Commission has previously approved a program, recovery of a cost, factor, or adjustment as meeting the Commission's *own* requirements, the utilities still bear the burden of demonstrating that the costs submitted for final recovery meet any statutory test(s) and are reasonable in amount and prudently incurred. Further, recovery of even prudently incurred costs is constrained by the Commission's obligation to set fair, just, and reasonable rates. Further, pursuant to Section 366.01, Florida Statutes, the provisions of Chapter 366 must be liberally construed to protect the public welfare.

D. STATEMENT OF FACTUAL ISSUES AND POSITIONS

GENERIC PURCHASED GAS ADJUSTMENT ISSUES

ISSUE 1: What are the final purchased gas adjustment true-up amounts for the period January 2021 through December 2021?

OPC: The OPC is not in agreement that the Companies have demonstrated that they have met their burden to demonstrate that costs are reasonable and prudent. A significant percentage of the costs on a customer's bill is based on clause recovery in this docket and others. The Commission has not held a contested proceeding where testimony from witnesses was heard and discussed in open hearing. The OPC does not accept that, given these circumstances, that the costs proposed for final true-up can necessarily be deemed prudent.

ISSUE 2: What are the appropriate purchased gas adjustment actual/estimated true-up amounts for the period January 2022 through December 2022?

OPC: The OPC is not in agreement that the Companies have demonstrated that they have met their burden to demonstrate that costs are reasonable and prudent. A significant percentage of the costs on a customer's bill is based on clause recovery in this docket and others. The Commission has not held a contested proceeding where testimony from witnesses was heard and discussed in open hearing. The OPC does not accept that, given these circumstances, that the estimated/actual costs proposed for recovery can necessarily be deemed reasonable.

ISSUE 3: What is the total purchased gas adjustment true-up amounts to be collected during the period January 2023 through December 2023?

OPC: The OPC is not in agreement that the Companies have demonstrated that they have met their burden to demonstrate that costs are reasonable and prudent. A significant percentage of the costs on a customer's bill is based on clause recovery in this docket and others. The Commission has not held a contested proceeding where testimony from witnesses was heard and discussed in open hearing. The OPC does not accept that, given these circumstances, that the costs proposed for final true-up can necessarily be deemed prudent and thus collected.

ISSUE 4: What are the levelized purchased gas cost recovery (cap) factors for the period January 2023 through December 2023?

OPC: No position at this time; however, the factors should be based on costs deemed reasonable and or prudent after a hearing.

ISSUE 5: What should the effective date of the new purchased gas adjustment charge for billing purposes be?

OPC: No position.

ISSUE 6: Should the Commission approve revised tariffs reflecting the new purchased gas adjustment charges determined to be appropriate in this proceeding?

OPC: No position at this time; however, the factors contained in the tariff(s) should be based on costs deemed reasonable and or prudent after a hearing.

ISSUE 7: Should this docket be closed?

OPC: No position at this time.

E. STIPULATED ISSUES:

None at this time.

F. PENDING MOTIONS:

None.

G. REQUESTS FOR CONFIDENTIALITY

Citizens have no pending requests for claims for confidentiality.

H. OBJECTIONS TO WITNESS QUALIFICATIONS AS AN EXPERT

OPC has no objections to any witness' qualifications as an expert in this proceeding.

I. REQUIREMENTS OF ORDER
