RE: FPSC Inquiry 1402730C

Dear Mr. Walsh:

The Governor's office forwarded a copy of your E-mail regarding Florida Power & Light Company (FPL) to the Florida Public Service Commission (FPSC). The FPSC regulates investor-owned electric, and natural gas utilities throughout the state, and investor-owned water and wastewater utilities in those counties which have opted to transfer jurisdiction to the FPSC. The FPSC has authority in the telephone industry which is limited to the Lifeline Assistance Program, Florida Relay Service, and pay telephone service. We appreciate the opportunity to respond directly to you.

As we advised in previous E-mails to you, the FPSC approved Florida Power & Light Company's general base rate settlement agreement in Order No. PSC-2021-0446-S-EI, issued on December 2, 2021, in Docket No. 20210015-EI. The settlement agreement was entered into by FPL and various parties representing consumers, including the Office of the Public Counsel (OPC) who advocates on behalf of Florida consumers. The settlement agreement includes numerous provisions with regards to FPL's base rates through the end of 2025.

The agreement also contained a provision that raised the minimum bill charge to \$25.00 for all residential and general service non-demand customers. The minimum bill provision went into effect in June 2022. There was no provision to exempt any class of service or customer from the minimum bill charge. As a result, we cannot compel FPL to remove the minimum bill charge for those bills that do not reach the \$25 minimum billing threshold.

We have added your concerns to our files as a protest to the FPL's Rate Case, docket 20210015.

If you have any questions, please contact Ms. Ellen Plendl at 1-800-342-3552 or by fax at 1-800-511-0809.

Sincerely,

Shonna McCray

[RUSH IN YOUR SUPPORT TO RE-ELECT GOVERNOR RON DESANTIS!](#)

Patriot,

Ron DeSantis is America's Governor.

He leads with courage, conviction, and principle on behalf of Floridians.

He is dedicated to the people of Florida and proudly represents the state he's called home since his birth.

Ron worked and paid his way through college, where he played baseball and served as the team captain, and graduated with a B.S. in History.

After graduating from Yale, Ron attended Harvard Law School where he volunteered to serve the U.S. Navy. During his tenure on active-duty, Ron deployed to Iraq as an adviser to a U.S. Navy SEAL commander. Attached to SEAL Team 1, Ron was awarded the Bronze Star for Meritorious Service and the Iraq Campaign Medal

I met Ron while he was on active duty stationed at Mayport Naval Base in Northeast Florida.

While on his active-duty, Ron was appointed to the U.S. Attorney's Office and served as a federal prosecutor, where he led efforts to convict child predators.

Ron and I were married in 2009 and lived in Ponte Vedra Beach, Florida.

Continuing his call to serve, Ron ran for U.S. Congress. Winning a seven-way primary with 38.8% of the vote, Ron won his first of three terms in Congress.

While in office, Ron advocated for congressional term limits and a balanced budget amendment. He also spearheaded oversight efforts to expose malfeasance in the IRS and in agencies involved in abusing their authority during the manufacturing of the Russia collusion conspiracy theory.

Ron was also a leading champion for America's veterans and helped enact reforms to the VA and place an emphasis on mental health.

In 2016, Ron and I embarked on our most important role yet – parenthood. From the moment she was born, our blessing, Madison, forever changed our lives.

Shortly after she was born, Ron launched his campaign for Governor. 2018 was one of the most eventful years of our lives as Ron was elected the 46th Governor of Florida and we welcomed our son Mason to the world.

In 2020, we became a party of five with the birth of our daughter Mamie. She was the first baby born to a sitting Governor in more than 50 years.

I've watched Ron excel as a Navy JAG officer, federal prosecutor, U.S. Congressman, and now Governor, but his role as a father to our three little ones has by far been the most rewarding.

As a father, he understood the risks of keeping kids locked out of the classroom and the ramifications of force-masking our children – so as Governor, he led efforts to pass legislation to prohibit mandates and empower parents. [Rush in your support to help us keep fighting >>>](#)

He foresaw the detrimental effects of shuttering businesses and as a result, he rejected draconian lockdowns and kept the state of Florida open for business.

As a federal prosecutor, Ron understood the importance of upholding the rule of law and supporting our brave men and women in law enforcement. As the leader of our state, Ron rejected calls from the Left to defund the police while making it known that Florida is a law-and-order state.

But if you want to know who Ron DeSantis really is, when I was diagnosed with cancer and I was facing the battle for my life, he was the dad who took care of my children when I couldn't. He was there to pick me off of the ground when I literally could not stand. He was there to fight for me when I didn't have the strength to fight for myself. **That is who Ron DeSantis is.**

He accomplished a lot over the past three and a half years, but our fight has only just begun. Extreme Leftists around the nation are turning once beautiful cities into woke wastelands.

Blue states are giving more consideration to dangerous criminals than their own citizens. They're fighting to take away parents' rights in the classroom and working to advance a curriculum that indoctrinates our youngest children.

Ron's opponent has voted in support of the Biden Regime 100% of the time in Congress. He's made known his plans to impose vaccine mandates on Floridians – including children – defund the police, and indoctrinate our children with the Left's woke ideologies.

I can tell you, Ron will never stop fighting, but he needs your help to stay in the fight.

Ref: The FPSC & FPL Questionable Rate Increase Agreement?

Dear Governor DeSantis,

I am writing to request your direct assistance as FPL has recently been granted permission by the FPSC to monetarily penalize me for my lower monthly KWH usage, when in essence I should have been commended by FPL for the sacrifice that I have made towards lowering my electrical usage. I have been a loyal customer of FPL since the year 1976, and I have always paid my electrical bill on time.

In the interim I still cannot fathom as to how the FPSC could have approved of such a request that inappropriately penalizes individuals such as myself for no good cause. I am a Senior Citizen Veteran, and reside in a single household.

I have politely asked FPL to request that the approval be amended in order to exempt individuals such as myself to no avail as FPL has failed to acknowledge same?

I am requesting that your office order a thorough investigation in order to ascertain as why the FPSC has failed to take into consideration as to how it would monetarily affect individuals such as myself.

Thank You Governor.

Respectfully,
