Gov Desantis,
Our community in Centeal Florida is reeling from astronomical housing prices, home owners insurance that is nearly impossible to get or will cost thousands more than it ever has, and now Duke energy is raising prices. When will it stop! This is hell. Energy cost is already through the roof, we cannot take another rate hike! Please stop this price hike from Duke energy.

RE: FPSC Inquiry 1414695C

Dear Ms. Lamb:

The Governor's office forwarded a copy of your email regarding Duke Energy Florida (DEF) to the Florida Public Service Commission (FPSC). The FPSC regulates investor-owned electric, and natural gas utilities throughout the state, and investor-owned water and wastewater utilities in those counties which have opted to transfer jurisdiction to the FPSC. The FPSC has authority in the telephone industry which is limited to the Lifeline Assistance Program, Florida Relay Service, and pay telephone service. We appreciate the opportunity to respond directly to you.

We appreciate you sharing your views and will add your correspondence to the following dockets:

* Docket 20230020 regarding DEF's petition for limited proceeding for recovery of incremental storm restoration costs related to Hurricanes Elsa, Eta, Isaias, Ian, Nicole, and Tropical Storm Fred.

* Docket 20230001 regarding DEF middle course correction for fuel and purchased power cost recovery clause with generating performance incentive factor.

You may review all the information filed for Commission consideration in the above dockets by accessing the FPSC website at <http://www.floridapsc.com>. Under the Clerk's Office tab at the top of the page, click on Dockets. Type in each docket number. Click the Search button. Then select Document Filings Index for a list of all filings in the docket. This procedure allows you to view all of the information filed by the utility and other parties in the docket.

If you have questions or concerns, please contact Ms. Ellen Plendl at 1-800-342-3552.

Sincerely,

Shonna McCray
Regulatory Program Administrator
