RE: Docket No. 20230081-WS – Application for increase in water and wastewater rates in Broward County by Royal Waterworks, Inc. – Response to Staff’s Fourth Data Request

Dear Commission Clerk:

Royal Waterworks, Inc. (Royal) hereby submits its response to Staff’s Fourth Data Request dated December 12, 2023.

1. Please refer to Royal’s responses to staff’s third data request, dated November 30, 2023, Document Number 06447-2023.
 - a. Is the SCADA system project the WTP completed? If so, please provide the final invoice for this project. If not, please provide the anticipated completion date for this project.
 - b. Has the Lift Station Control Panel project been completed? If so, please provide the final invoice for this project. If not, please provide the anticipated completion date for this project.

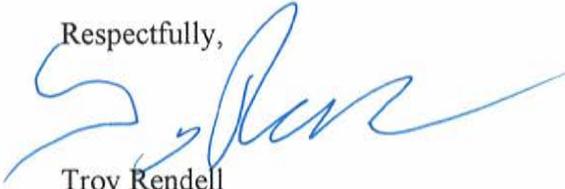

Response: Both projects are now completed, with the exception of installing an additional monitor for the SCADA. The contractor is scheduling to install a new wi-fi router to the system and setup the wall mounted monitor on Wednesday, December 20, 2023. The vendor has not submitted the invoices to U.S. Water Services for payment. Once projects are 100% completed, U.S. Water Services will invoice Royal Waterworks, Inc.

2. Please provide a list of all systems owned by Mr. Deremer, both jurisdictional and non-jurisdictional, along with the number of ERCs for each.

Response: See Attached.
