Complaint: Improper Billing against Tampa Electric Company

Details:

In yet another move to bankrupt TECO customers, yet ANOTHER rate increase was approved by this board. Rates are already higher than ever given the TECO board more and more profits. Rate went up over 10% last year, but that wasn't enough to line their pockets. You approved yet another rate increase even after activist provided proof that rate increases were never justified to the extent provided the last time! You ignore sound numbers for the public only to continue to enrich the rich. WHO IS PAYING YOU OFF?! We were actually promised rate reductions this coming year. This is a complete slap in the face of Florida families already struggling to get by. SHAME ON YOU.
