My name is Dolores slansky von groh my trust owns lot 16 -17 snapper ave thorten key  
At this point I have not been able to see my lot iv been turned away they said it's impossible to go their  
As of the sewer system I do think it's a small island and only contains a small population and being said a small margin not even mentionable  
So really I think it won't really affect anything to put a central sewage system  
Thank-you for listening
